1. Fees may be charged by third parties or other banks, in addition to those described above.
2. Whether or not the wire transfer fee is waived, Wells Fargo makes money when we convert one currency to another currency for you. The exchange rate used when Wells Fargo converts one currency to another is set at our sole discretion, and it includes a markup. The markup is designed to compensate us for several considerations including, without limitation, costs incurred, market risks, and our desired return. The applicable exchange rate does not include, and is separate from, any applicable fees. The exchange rate Wells Fargo provides to you may be different from exchange rates you see elsewhere. Different customers may receive different rates for transactions that are the same or similar. The applicable exchange rate may vary based on such factors including, but not limited to, currency pair, transaction size, payment channel and product type, such as foreign currency cash, checks, remittances, and wire transfers. Foreign exchange markets are dynamic, and rates fluctuate over time based on market conditions, liquidity, and risks. Wells Fargo is your arms-length counterparty on foreign exchange transactions. We may refuse to process any request for a foreign exchange transaction.
3. Incoming wire transfers received in a foreign currency for payment into your account will be converted into U.S. dollars using the applicable exchange rate without prior notice to you. For more information, see the "Applicable Exchange Rate" and "Incoming international wire transfer" sections of the Deposit Account Agreement.
4. Outstanding Cashier's checks and Money Orders are subject to state or territorial unclaimed property laws.
5. If the cashier's check is lost, stolen, or destroyed, you may request a stop payment and reissuance. A stop payment and reissuance can only be completed within a branch location. As a condition of stop payment and reissuance, Wells Fargo Bank will require an indemnity agreement. In addition, for cashier's checks over \$1,000, the waiting period before the stop payment and reissuance of an outstanding cashier's check may be processed is 90 days (30 days in the state of Wisconsin and 91 days in the state of New York). The waiting period can be avoided with the purchase of an acceptable surety bond. This can be purchased through Wells Fargo's approved insurance carrier or through an insurance carrier of the customer's choice. The cost of a surety bond varies depending on the amount of the bond and the insurer used. Surety bonds are subject to the insurance carrier's underwriting requirements before issuance. If the surety bond is not provided, the waiting period applies.

## Debit Card Overdraft Service: included for business accounts

Eligible business accounts come with the Debit Card Overdraft Service. With this service, ATM and everyday (one-time) debit card transactions may be paid into overdraft at our discretion when you don't have enough money in your checking account or accounts linked for Overdraft Protection at the time of the transaction. You may remove the service at any time.

<b>Remain enrolled</b>	<b>\$35 per overdraft item</b>	ATM and everyday (one-time) debit card transactions may be paid into overdraft at our discretion. Standard overdraft fees and policies apply.
<b>Choose to remove service</b>	<b>\$0</b>	ATM and everyday (one-time) debit card transactions* declined at no charge.

\* With or without Debit Card Overdraft Service, the Bank may pay other transactions such as checks and recurring debit card transactions into overdraft at our discretion and our standard overdraft fees and policies will apply.

## How we make funds available and process transactions

When you make a deposit on a business day prior to the posted cutoff time at a branch, Wells Fargo ATM, or using our mobile app, it will be considered received that day. If you miss the cutoff time, it will be considered received on the next business day.

### When funds are available

Cash, electronic direct deposits, and incoming wire transfer deposits:	<b>Generally, same business day.</b> Business days are Monday through Friday, excluding federal holidays.
Check deposits:	<b>Generally, the first business day after the day we receive your deposit.</b> If a check is deposited at a Wells Fargo teller window, Wells Fargo ATM, or Wells Fargo Mobile® app, up to \$400 of the day's check deposit may be available the day we receive the deposit.  If we place a hold on a check, \$225 of it may be available the next business day. The remainder will generally be available no later than the seventh business day. We'll notify you of the hold and when the funds will be available.

### We post transactions each business day in this order

<b>Added to your account</b>	Deposits and incoming transfers received before the deposit cutoff time that day.
<b>Subtracted from your account</b>	Withdrawals and payments we have previously authorized that cannot be returned unpaid (such as debit card purchases, ATM withdrawals, account transfers, Bill Pay transactions, and teller-cashed checks). Transactions are generally sorted by date and time the transaction was conducted, or for some, the day we receive it for payment or the time assigned by our system. If the date and time are the same, we post from lowest to highest dollar amount.
<b>Subtracted from your account</b>	Checks and preauthorized ACH payments (such as recurring bills you have authorized a company to withdraw). Transactions are generally sorted by date and time received by the bank, and if the date and time are the same, we post from lowest to highest dollar amount.
