Do NOT enroll	\$0	ATM and everyday (one-time) debit card transactions are declined at no charge.
Enroll	\$35 per overdraft	ATM and everyday (one-time) debit card transactions* may be paid into overdraft at our discretion. Standard overdraft fees and policies apply.

* With or without Debit Card Overdraft Service, the Bank may pay other transactions such as checks and recurring debit card transactions into overdraft at our discretion and our standard overdraft fees and policies will apply.

How we make funds available and process transactions

When you make a deposit on a business day prior to the posted cutoff time at a branch, Wells Fargo ATM, or using our mobile app, it will be considered received that day. If you miss the cutoff time, it will be considered received on the next business day.

Type of deposit	When funds are available
Cash, electronic direct deposits, and incoming wire transfers	Same business day. Business days are Monday through Friday, excluding federal holidays.
Checks	Generally, the first business day after the day we receive your deposit. If a check is deposited at a Wells Fargo teller window, Wells Fargo ATM, or Mobile Banking app, up to \$400 of the day's check deposit may be available the day we receive the deposit. If we place a hold on a check, \$225 of it may be available the next business day. The remainder will generally be available no later than the seventh business day. We'll notify you of the hold and when the funds will be available.

We post transactions each business day in this order

 Added to your account	Deposits and incoming transfers received before the deposit cutoff time that day.
 Subtracted from your account	Withdrawals and payments we have previously authorized that cannot be returned unpaid (such as debit card purchases, ATM withdrawals, account transfers, Bill Pay transactions, and teller-cashed checks). Transactions are generally sorted by date and time the transaction was conducted, or for some, the day we receive it for payment or the time assigned by our system. If date and time are the same, we post from lowest to highest dollar amount.
 Subtracted from your account	Checks and preauthorized ACH payments (such as recurring bills you have authorized a company to withdraw). Transactions are sorted by date and time received by the bank, and if date and time are the same, we post from lowest to highest dollar amount.
